CSX815T POE

AISI 316L stainless steel housing powered PoE (IEEE 802.3af-802.3at compliant)

- AISI 316L stainless steel housing
- **IP67** weatherproof rating
- Slide opening system
- Powered **PoE/PoE+** compliant (802.3af and 802.3at)
- Joint with 3rd axis tilt for easier orientation
- Clean glass system: protection against dust deposits on the front glass
- Easy fastening and positioning
- Wide range of accessories

IP 67 
STANDARD

AISI316L stainless steel housing powered PoE

The **CSX815T POE** is a cylindrical weatherproof housing, entirely made of AISI 316L stainless steel. The electropolishing treatment increases the corrosion resistance and makes the housing particularly indicated for installations in marine, industrial and chemical environments.

The front cover is supplied with the exclusive “clean glass” system, that keeps the front glass always free of any dust deposit. **CSX815T POE** is especially indicated for installations inside tunnels, where this problem is more prevalent. It is supplied with a special joint, realized by Global Proof with an exclusive system that allows the third axis tilt: in this way it is possible to mount the housing also in an arched ceiling or on a wall that is not perpendicular to the ground.

The lightweight of this housing allows to mount it also on small pan-tilt systems.

TECHNICAL DATA

GENERAL

- extractable slide-out body made of stainless steel AISI 316L
- AISI 316L stainless steel sunshield with a wide range of adjustments
- stainless steel A4 bolts and screws
- wall bracket made of stainless steel AISI 316L
- 1xM25 cable gland
- **clean glass** system that keeps the front glass always free of any dust deposit
- heater
- wide range of accessories
- supplied with instruction manual
- according to RoHS compliance

ELECTRICAL

- heater
max. consumption: 5W
t on +15°C t off +22°C (+/- 3°C)
- internal ventilation
max. consumption: 1W
t on +37°C t off +27°C (+/- 3°C)

MECHANICAL

- usable internal space: 78x77mm.(BxH) or Ø 95
- useful length: 260mm
- glass window: Ø75mm.
- IP67 weatherproof rating
- indoor/outdoor installations
- operating temperature with heater: from -20°C to +60°C (with double heater from -30°C to +60°C)
- weight: 7 Kg. (KIT version with wall bracket included)

ACCESSORIES

- VI815** internal ventilation (pre-assembled)
- RD815** double heater for low temperature (down to -30°C)
- SNF800** adaptor plate for pan mounting

RELATED PRODUCTS

- SP/C** AISI 316L pole adaptor
- SA/C** AISI 316L corner adaptor
- STS800** adaptor plate for ceiling mounting
